MISSION
Borinquen Medical Centers of Miami-Dade provide a comprehensive range of health and social services to our culturally diverse community in Miami-Dade County. Our quality services are accessible to all people throughout the County through a multi-discipline approach.

HISTORY
Borinquen Medical Centers of Miami-Dade began in 1972 as a grass-roots community effort from a group of community organizers in the Puerto Rican community with a small grant from the Public Health Service to establish a health clinic in Wynwood. Over the years Borinquen Medical Centers of Miami-Dade have grown to become a Comprehensive Primary Health Care, Dental and Behavioral Health Center serving Miami-Dade County.
